Freshman Social
I'll be there for you

Here we were, finally in high school as freshmen, with our first big social event at hand. We were all very nervous, not knowing what to expect, but as the night went on we laughed, danced, and felt as though we had been friends forever. Our theme song "I'll Be There For You" symbolized the friendships made that year and for years to come. As we all begin to go our separate ways, I know all of us, at one time or another, will remember this special time in our lives.

Teri Branum

Having fun

Sophomore Gathering
Right here waiting

"Right Here Waiting"

As yet another day goes by,
Another page of life is written.
No matter how hard you might try,
No memory will ever say good-bye.
All it takes is that second look.
Memories can tell no lies,
They can make you laugh,
Or they can make you cry.
A memory is the only thing
That will never say good-bye.
As I thumb through the pages,
I remember that night:
It was our first semi-formal.
For some, it was a night of laughter.
For some, a night of tears.
Over dinner, people spoke of what to do after.
Two years have come and gone.
Our future is just in sight.
Soon we will end this chapter,
But, not to forget:
The memories that we have
Are "Right Here Waiting."

Junior Prom

More than Words

It was hard to believe that it had been three years since our first social event, and yet here we were as Juniors, full of anticipation and eagerly looking forward to the evening ahead. When we arrived at the Holiday Inn in Taunton, we posed for pictures, feasted on prime rib, and began to dance the night away. Our theme song "More Than Words" only begins to express the memories made that night. The time we have all spent together and the lasting friendships made cannot be condensed into one song and one evening. When we look back on our Junior Prom, it will be with happy thoughts, smiles, and perhaps a few tears. It was a time we will all remember forever.

The National Honor Society is committed to the ideals of scholarship, character, leadership, and service. Every N.H.S. member has a responsibility to continually demonstrate these qualities through "a desire to further the progress of the school and the classroom, a healthy and constructive influence on others, and a consistent record of good citizenship in the school and community." Varied activities such as the peer tutoring program, fundraisers, and incoming student tours are ways in which this organization upholds its ideals and fulfills its obligations to both the school and the community.

ONCE AROUND THE WORLD

Maria Ruiz takes time to take a picture

Hi!
I'm Maria from Mexico. I'm very happy here because in Attleboro all the people is very NICE! And the teachers too. You have a friend in Mexico forever.
Bye.
Maria Ruiz

F.E. STUDENTS — (L to R) Michael Hansen (Denmark), Miriam Kuntzsch (Germany), Gillian Bell (Scotland), Gabriela Kalanoska (Yugoslavia), Maria Ruiz (Mexico), Manuel Rivero-Ranero (Spain)

Maria finds it really easy to make friends at AHS.

Maria Del Hoyo

Hi, I am Maria from Spain staying here for one year is a great experience. There are many wonderful and different places here in America. I'd like to say thank you to all my friends for showing me how to have fun and taking me places. I've known a lot of people; tall, short, funny, serious, thin, fat, crazy, less crazy people, but all of them are very nice.

When I wanted to spend money I went to the mall with the person, the wonderful person I live with or my friends. Over there you can do everything that you want, from buying a pen to knowing your boyfriend.

I am not a good writer and I don't know what anything else to write, so thanks again and see you.

Maria Del Hoyo

Hi! My name is Manuel Rivero and I am an exchange student from Spain. Since I'm here I've had a great time. Everybody is very nice and helped me a lot. I've enjoyed all kind activities or sports I've participated in. For the rest of the year I'll try to have a great time too.

Manuel Rivero-Ranero

Mike and Miriam talk in the background at the Senior Dance.

Gillian Bell

Gabriela Kalanoska

It's great! I love it! I met so many new friends, different culture, different life style, different school system. Nothing is worse or better, it's just different and I like it a lot.

Gabriela Kalanoska
Student from Macedonia

Hi, I'm Gillian, your Scottish exchange student — yes, the one with the accent, who hasn't seen the Lock Ness Monster and can't play the bag pipes!

Well what can I tell you of my stay in the U.S. without sounding really queer! It's been a lot of fun, so much is very different out here, even small things — like expressions even telling the time can be a problem!

What I can't get used to is sitting on the wrong side of the car and driving on the wrong side of the road. It gets scary when you're sitting in the passenger seat and all of a sudden you think you should be driving! Driver's withdrawal symptoms can be quite disturbing!

The biggest change for me has to have been in school at 7:25 am. A 7:25 am start is not a good idea on a Monday morning. I wouldn't ever have been out of bed that early last year!

The school pace out here is also much slower, but there is a wider variety of courses. The one big change for me, has to be actually having guys in classes again!

I've been fortunate, I haven't had a language barrier (but some people do wonder!) I have managed to adjust to the blank stare! It's weird to see that everyone is really alike across the pond, even Monty Python has made it over here. So I haven't got that homesick!

I've had a "wicked awesome!" time this year, (so far!) if only I can make it 'till June!

Gillian Bell

Hi! My name is Joerg and I am an exchange student from the eastern part of Germany. Three years ago I could not even imagine to come only once in my life to the United States. So I am really happy about my stay here.

I want to thank everybody for your warm welcoming and all the help I received in the beginning of the school year. I really enjoyed my stay.

Joerg Haustein

Hi,

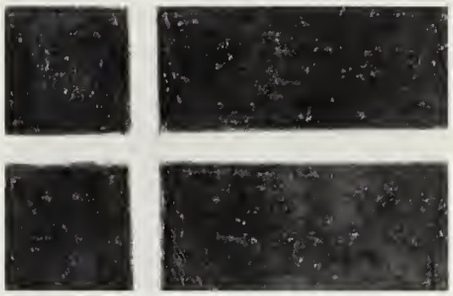
My name is Miriam and I am one of the two German exchange students at AHS this year. I've had a lot of fun making and meeting friends, playing volleyball etc. I am grateful to my host family and all my friends for making my stay in the United States as good as possible. I'll always remember the positive feelings and great experience I had in Attleboro. All people are so friendly and open-minded. I hope that I can share my good experiences with my family and friends back home in Germany. Thanks to all of my friends who went out of their way for me! I wish I could take them home with me!

Miriam Kuntzsch

"Oh, come on Miriam! It wasn't that boring a class!"

Joerg Haustein

"What do they call the place you're from?"



My Best Year

Hi it's me . . . Mike — you know the kid from Denmark. I just want to thank all of you who made my year so great.

When I came here the first day I was the most lost student in the whole school — I think, but soon I found a lot of friends and I "kicked the football for the football team." So suddenly I was so busy as I've never been before.

Maybe some of you don't like AHS, but I'll tell you, you got the best school spirit in the whole world.

I especially want to thank Michelle, Russell and Brian who saved me from being bored to death, and to my senior lounge table with Jon, Jason, Ananda, Amy, Michelle etc.

So far it has been my best year and I hope it will continue that way. Nice meeting you all!

Mike Hansen

Maria, Mike, Manuel, Gabriela, Miriam, Joerg, Gillian and Maria didn't seem to mind the fast pace at Attleboro High.

Play that Funky Music

What are you looking at Jay?

This year the students in the band have combined their musical ability, creative talents and determination to create the best band possible. With the help of the parents and musical instructor, the students have created a feeling of enthusiasm and pride for their accomplishments. Hopefully the band will be able to continue with its musical endeavors and keep on instilling the Attleboro High School Spirit through all of its performances.

Hmmm . . .

Oh, my!

I hope we can put these down soon.

Colorguard and majorettes are a group of well coordinated and dedicated girls who perform with the band during half-time field shows, parades, and competition. Colorguard members spin flags whereas majorettes twirl batons. This group is like a family of good laughs, and sharing times. We feel anyone is accepted.

Tv Production I and II

THROUGH THE EYES OF A CAMERA

T.V. Production is a course designed to give students hands-on training with video equipment. With a special effects generator, 2 in-studio cameras, a control room, and 2 editing decks, the Television Studio is similar to what you would find in the career field.

Not only does the class offer training in the technical aspect of television, but the dramatization part as well. Students may find themselves in front of the camera performing comedy acts, commercials, dramas or any other kind of creative skits. On camera or off, Vic Genest, an English teacher here at the school, supervises the whole works.

Whether you're on location shooting a film for Universal Studios, or out in your own backyard, there is always something to be learned in the world of television.

VICA, like most things of lasting value, came into being out of a need . . . The basis of the free enterprise system, upon which our country was built, is the worker. And the worker was coming under great criticism. Quality and pride in craftsmanship appeared to be diminishing. Corporate executives and consumers alike lamented the seeming death of pride as a motivating factor in the American worker. The need to instill a positive work attitude and encourage ethics, initiative and excellence in the younger generation of workers was apparent. It also had been tried before, as early as the 1920's. But the early attempts were doomed to failure. The founders of this early organization saw the need, but they depended on educators alone. They didn't involve industry. So it was in 1965 that the Vocational Industrial Clubs of America was born, destined to bring together fragmented groups from all over America in a new sense of craftsmanship and pride. The key has been involvement, active participation and support from industry. This keeps the educational aspects relevant and instills these values in the educational system, which it surely needs.

VICA is now a national organization of individuals involved in coeducational secondary and post-secondary vocational education. This includes students in trade, industrial, technical and health occupations education courses. VICA is the only national organization whose purpose is to serve industrial youth. And what does this mean to you, in business? It means an employee who is a self-starter, who is dedicated to his trade, who takes pride in the work he produces and who believes in the system.

VICA instills these values in your potential employees before they have had the opportunity to develop bad work habits. We contribute to their enthusiasm for a job well done.

THE DRIVE TO SAVE LIVES

Drinking and driving accidents are the number one killer of teenagers in the United States. Students Against Drunk Driving is a dedicated group of students who work to make their peers more aware of the dangers of drinking and driving.

Through posters and community activities, SADD has found a voice. Because of the success of last year's Mansfeild Home Show and Linda's Prom Fashion Show, we are planning on being involved again.

With all of our efforts, we hope that both students and parents are aware of the dangers of driving drunk. Students Against Drunk Driving are committed to working toward the realization of these dangers.

The Student Advisory Council (SAC) consists of 5 student body members. There is a SAC member on the Administration Committee, Student Council, the School Committee and two members on subcommittees. This year, SAC's major project is to involve the middle schools. Since the members are all high school students they can't represent middle school students without speaking with them so they want to somehow plan a regular meeting time with students from the middle school.

REACHING FOR THE KEY TO HOPE

Key Club is a group that lends support to organizations that contribute to the betterment of our community as well as international charitable groups. Such activities have included can drives and clothing drives. It also initiated a potentially long term recycling drive within the high school. We have gained a strong foothold in the school and hope that student participation will increase in the years to come.

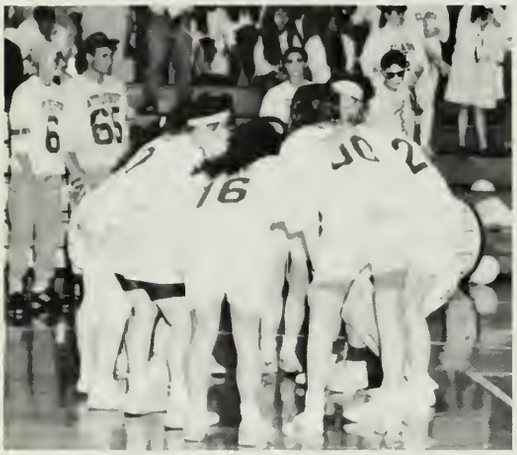
SPIRIT SOARS AT ATTLEBORO HIGH

We've got more! We've got more! We've got more!

Mrs. Izzi's Calculus class shows spirit on blue and white day



Bill, that isn't very gentlemanly.

Wendy Salisbury as a senior in the junior Powderpuff rally

Oh, No! It's Handy Girl to the rescue.

Are you happy now John?

Let's see — Spirit Week at Attleboro High School. Well, the seniors knew it all of the time that they'd win (just as they'd known it the past two years). This year was really great and maybe the most spirited in a long time. The freshmen weren't quite up to it, but they will get the hang of it some time. The sophomores came on stronger than most people expected so it made the week a little more interesting. The week began with the infamous Hat Day and ended on Friday with the big rally before the Powderpuff game the following Sunday. The rally was the best one at Attleboro in quite a while. It was loud, obnoxious, rowdy, but most of all and most importantly — a really good time. Spirit Week was great and it's pretty certain that it will be a long time before there is another week filled with so much energy and enthusiasm.

I hope it's Hat Day Andy!

The senior class at its best.

Thank you and we're so happy to be here.

"How low can you go?"

"Yes, Yes, Yes we do,
We've got spirit!
How 'bout you?!"

The seniors may have won, but the juniors at least got the sign right!

Oh Toby! Who does your hair?

Powderpuff

"SENIORS ARE READY . . ."

"Are you ready, Carolyn?"

Go get her Liz!

Keely goes for the touchdown (8-0)!

Don't those get in your way?

The annual Powderpuff football game, Senior vs. Junior girls, was held on Sunday, November 3, 1991. The game was scoreless until the 2nd quarter when Liz Turinese scored a safety to put the seniors ahead 2-0. Through good defensive work, the seniors kept the juniors from scoring. In the 4th quarter, Keely Kennedy scored a 42-yard touchdown to make the score 8-0 and seal the win for the seniors. It was an exciting end to a winning week for the most spirited class for the 3rd year in a row. Both the seniors and juniors showed great competitive spirit and sportsmanship and more importantly — a good time was had by all!

Senior Lounge is something that all underclassmen look forward to because it is **Senior** *space and* **Senior** *free time.*

"Turn, Turn, Turn"

To everything, turn, turn, turn,
There is a season, turn, turn, turn,
And a time to every purpose under heaven.

A time to be born, a time to die,
A time to plant, a time to reap,
A time to kill, a time to heal,
A time to laugh, a time to weep.

A time to be left, a time to break down,
A time to dance, a time to mourn,
A time to cast away stones,
A time to gather stones together.

A time to love, a time to hate,
A time of war, a time of peace,
A time you may embrace,
A time to refrain from embracing.

A time to gain, a time to lose,
A time to rend, a time to sew,
A time for love, a time for hate,
A time for peace, I swear it's not too late.

BOYS SOCCER

Heading for Success

This soccer season was filled with fun and excitement. The entire team was very anxious to start playing. The majority of the players were seniors, so we had a lot of experience coming into the season. We had plenty of success ending up with an 8-4-5 regular season record. It gave the team enough points to advance into the state tournament. We beat the 16th seeded team, Whitman-Hanson, 3-1, then proceeded onto the #1 seeded Silver Lake Regional. Although we played the best game of the season, we kept our heads up high walking away with a 1-0 loss. We are proud that we made Attleboro one of the soccer powerhouses in the state. We would like to thank Coach Pereira for the six years of all the hard work and dedication in making our team the very best.

GIRLS SOCCER

Shoot for Your Goals

There are many sports here at Attleboro, but soccer has to be one of the most exciting. We are very lucky to be given the opportunity to play on the first girls soccer team at our school.

We had a great time. We were all so enthused with the sport. No one ever complained about running the extra lap.

We owe a lot to our two coaches Oscar Carrillo and Mike Amaral who volunteered their time and effort to make our season a success. We'd also like to thank Dr. Rappa and Mr. Bray for their help and understanding.

Good luck to the future teams!

Sink or Swim

The girls' swim team started off great. We had more new members than old and we had a talented team. Our record for the season was 8-2-0 but for the league it was 6-2-0.

After this year is over the swim team will be losing a lot of important members such as Debbie Marsland, Erin Williams, Darbie Honey, Amy O'Boyle, Liz Kotch and Stacey St. Germain but next year's team still looks strong. We only had a few disappointments and they were the loss of Erin Williams to knee problems and Amy O'Boyle to Mono. Although we lost to Bishop Feehan, we had a great season overall. Good Luck to everyone next year.

BOYS CROSS COUNTRY

Over Hill

There is a lot that could be said with regard to the '91 Cross-Country team, but if anything is to be it should be that the team worked hard and had fun. It takes a tremendous amount of dedication to push yourself through the rigors of training that this sport demands. When three and four days of 8-10 mile runs in a row are required and 80 mile weeks are not uncommon it says a little something about the kind of person who would participate: people who are committed to hard work.

Everyone worked hard to make our team a respected one in the league. Whether an All-Star or just one of the hard-working 16, everyone ran hard, had fun and pushed themselves to new physical and mental limits as well as towards success.

GIRLS CROSS COUNTRY

Over Dale

The beginning of this Cross Country season was a little nerve racking with the loss of two of our top runners. Luckily we had a lot of young runners from winter and spring track who decided to try Cross-Country.

With about eleven girls we had a close knit group that ran hard through all types of weather, competition, and workouts to win the races. Working together we managed to capture 3rd place overall in our league — a drop from last year but we are still hanging in there. Hopefully since the team is composed of many young runners next year Attleboro will be the league champs once again.

GIRLS VOLLEYBALL

A Set Above the Rest

Though this year's volleyball team had a rough start, we still ended up having a great season. There was a lot of individual and team improvement. In some of the harder games, our spirit prevailed, and we came out ahead, we're thankful for the time and patience our coaches gave to us in their first year coaching. We wish the best of luck next year to both the coaches and the team.

Rushing Towards the Future

I speak on behalf of the whole football team by saying that the Girls Soccer team is wrong. Football is the most exciting sport here at the high school. Although we didn't have a Super Bowl season, you can't be disappointed with this year's results. We had a rough schedule this year and I think we did the best we possibly could, with what we had.

This was a rebuilding year with a new head coach and a very young team. All and all we feel it was a successful year, and can only wish the best of luck to next year's team.

FOOTBALL CHEERING

Cheering Towards A Victory

The 1991-1992 Cheerleaders work very hard and take a lot of pride in what they do! These girls are dedicated and very hard working. They learn new cheers and different routines that take many long hard hours of practice. All this time and effort is worthwhile when the spectators are all fired up and show their spirit along with the cheerleaders. We would like to thank our coach Mrs. Turner for all that she has done for us. And good luck to next year's squad.

To all the players who know the story behind the field hockey season there's not much else to say, except . . .

Everyone gave their best to the team, not just on the field but in attitudes as well, even when it got rough.

I'm sure the returning players will have a great season with the help of their new coach. Maybe you'll make the states! Anything is possible, we did score this year. GOOD LUCK in next year's season!

GIRLS BASKETBALL

The Thrill of Victory

The 1991-92 season was very successful for the girls basketball team. Mr. Gilmore, our second year coach, worked us very hard in order to attain a winning season. We appreciate all the time and effort he put into raising our level of play. The attitude and determination of the underclassmen has helped with our success. I wish all of them luck in the years to come.

BOYS BASKETBALL

Shoot for the Stars

Basketball at AHS is more than just a game, it is a learning experience. People might say that sports in school are not as important as the academics. We believe from our own experiences with basketball that one can learn more things on the court than in the classroom. Not only do you learn how to perfect your jump shot and work on other mechanics, but you also learn how to work as a team to obtain goals. Not only is working with other people important throughout your life, but so is self-control, work ethics, dedication, leadership, patience, and competition. These are many of the things that a classroom cannot provide, but that basketball does. Don't get us wrong; basketball is a lot of fun but it is not fun unless you work!

BASKETBALL CHEERING

Spirit Starters

The 1991-1992 Basketball cheerleading season was full of surprises. This year's squad was relatively young having seven sophomores and one freshman. Even though we were a young squad we never stopped striving to be the best!

The fans were a great help this year, by getting involved in the game and responding to our cheers. For this we thank them. We would also like to thank our coach Donna Turner for pushing us to be the best that we could be, and for never letting us quit.

Good Luck to next year's squad and in the immortal words of Mrs. T.

The season went pretty well this year. The team did not go undefeated, but there were some really strong performances from everyone. The boys will always remember their big win over Feehan just like the girls will remember their best meet — the conference meet. We finally beat Dartmouth. Their relay may have been disqualified but that did not make the win any less incredible! Dartmouth was made which made it one hundred times better!

The seniors want to wish all of the underclassmen the best. A special thanks to our coaches Julie and Adam for their time and help.

GIRLS GYMNASTICS

Flying High

The 1991-92 Girls Gymnastics team started off this year as a brand new team. With the exception of five veterans, the girls had to face competing with high school rules for the first time. Our first meets were a little rocky, but through the hard work of our coaches Mr. and Mrs. Martin and Robin Diaz, we have shown steady improvement. Although we have not reached our goal of scoring 120 points, I have confidence we will before the season ends. I would like to thank all of the girls for making my senior year a great one, a year I'll never forget. I wish you all luck in the future and I'll be back to see you score your 130's!

BOYS GYMNASTICS

Untouchable

Due to the loss of many talented gymnasts, our team faced a very challenging season. Most of this year's gymnasts had little experience which placed us in a difficult position. Every member was forced to work extremely hard with the objective of not only doing well this year, but also of rebuilding the team for next year. As seen in the team's improvement this season, we accepted the challenges placed before us and there is little doubt of the team's 1992-93 success.

CLUBS THAT CARE

Varsity Booster Club/Athletic Advisory Council

The Varsity Booster Club and the AAC have proven to be very important aspects of A.H.S. athletics. Both of these organizations are comprised of caring parents as well as members of the Attleboro area. Without these dedicated people, many programs at A.H.S. would not exist. The varsity booster club allows student athletes to receive their Letterman jackets and other fundraisers to help raise money for A.H.S. athletic programs. For everything these two extremely valuable organizations have done for the Class of 1992 as well as the entire student body of A.H.S. we would like to thank you for the support and dedication to A.H.S. athletics.

CENTRAL ADMINISTRATION

To the Graduates of 1992:

On behalf of the Central Administration and the School Committee, I want to commend you on successfully completing your course of studies at Attleboro High School. May this accomplishment be the first of many, many more.

This yearbook represents a collective "snapshot" of much of the 1991-1992 school year. However, no book can capture the mixture of emotions, thoughts, relationships, and sensations associated with a special year in your life. As time passes, this edition of **The Tattletale** *will be a treasury of pictures, quotes, and comments from friends and teachers. Preserve it, revisit it, and, as you grow in age, use it to help you in remembering that you can grow up without growing old.*

To each of you, my very best wishes for a life which is filled with good health, warm friendships, and worthy accomplishments, both great and small.

All the best!

Robert Bray, Principal

Dear Seniors,

I would like to take this opportunity to congratulate our 1992 Attleboro High School Graduates.

Over half of you are going on to further education, some into the service and the rest directly into the work force. Our aim has been to provide you with skills which combined with hard work will give you success in any of these endeavors.

Our staff has tried to provide a positive climate where you can learn, grow, make new friends, and enjoy yourselves.

The very best of luck to all of you, come back and see us.

If in the future you need help, guidance or information, Attleboro High School will be here to assist you.

Most Sincerely,

Barbara Churchill — Senior Guidance Placement Specialist

The "NEW FOR '92" Guidance Department is staffed by a combination of two counselor specialists, six teacher-advisors and two experienced secretaries. The specialists provide post-secondary counseling and crisis counseling. The teacher-advisors help students with the day-to-day challenges of their high school education. Our staff time to meet with students has been reduced but not our concern for them as they "sort out their present" and "plan for their future."

James Hall

Mr. Hall and Mr. Mitnik have opened up the world of art to new and curious minds. We are all grateful for their patience, influence, and instruction which will continue to guide us in the years ahead.

We would like to leave the following two quotes which reflect our thinking and experiences from our art instruction:

"This world is but canvases to our imaginations."

— Henry David Thoreau

and

"This mental vegetation, this fitful nervous groping is . . . a sign of life, out of which art emerges by discipline and by a gradual application to real issues. An artist is a dreamer consenting to a dream of the actual world; he is a highly suggestible mind hypnotized by reality."

— Santayana

AUTOMOTIVE

Making the World Run

George Doyle

If you are interested in cars and want to make auto repair your career, Auto Shop is where you want to be.

In Auto Shop you will learn jobs from the basic to the highly technical.

Some of the basic jobs are service of the shock absorbers, exhaust system, changing oil and lubrication of the chassis.

Some of the jobs that require more experience are tune-ups, brake system service and front end service and repair.

The more technical jobs that we do here are electrical system service, air conditioner service, automatic transmission repair and overhaul, and computerized engine diagnosis.

During my 3 years at AHS Auto Shop I spent time learning to do jobs in all the areas that I have listed. I am working in the auto trade right now and expect to continue working in this trade for many years to come. My auto shop experience has helped me to get and keep the job that I have.

The Business Education Department provides Attleboro High School students with a well-rounded curriculum designed to meet the needs of all young people whether occupationally oriented or college-bound.

Grade 9 students explore the world of business through our Business Exploratory course; Grade 10 students are encouraged to enroll in Type I, Speedwriting I, and Accounting I. Business Technology and the Model Office, a three-period block course open to juniors and seniors, allows students to become acquainted with the real world of work and gain hands-on knowledge of computers and various software packages.

The Business Department also offers a Tech Prep Two Plus Two program in conjunction with Bristol Community College. Also, college-bound students are encouraged to enroll in college speedwriting as well as typing and computer courses. In addition, the school store is managed by business students.

Building the Future

Roger Bousquet

Steve McDonald, Brad Brunelle, and Steve Axon take five.

Carpentry is an occupation that has many fields that students can become specialists. Some of these are framming, cabinet making, and many related construction fields. The first year in this course the student learns about milling procedures and how to operate the different types of machinery. The second year the student learns about cabinet making and different types and styles of furniture. The third year the student learns about the framming trade and the different tools involved in framming. Students who complete three years in the carpentry program can look forward to an exciting future in the construction field.

Child Care is the key to life. The Child Care program teaches more than caring for children. It teaches all the physical and psychological aspects to being a child. Taking child care has given me a different outlook on children. As a result to this experience I want to pursue a career in Child Psychology.

FOREIGN LANGUAGE

Fremden Sprache

Maurice Camire, Department Supervisor

The Department of Foreign Languages currently offers four years of study in Spanish and French as well as three years of Portuguese. As an adjunct to the course of study, the department is well known for its varied and timely field trips to theater performances, museums and restaurants.

Student interest sparked the revival of the French Club following its quarter century of Dark Ages. Sixty-five students of French became members. They meet bi-weekly to play games, to design timely bulletin boards, to sample French foods, and to plan special activities.

In Commercial Design a student learns to achieve success through hard work developing drawing ability and technical knowledge. The field of Commercial Art is a very competitive one. I have learned the needed skills to make it in the working world, but I plan to further my education next year in college.

During the time I've spent in the Graphic Communications program, I have been exposed to all of the areas in the Graphics field consisting of design and typesetting, stripping and photography, printing, and binding.

In the typesetting and design area I grew familiar with many programs such as Pagemaker and McDraw.

In photography and stripping I learned to photograph line art, halftones and screens. I also learned to make plates.

In the press area I learned the basics of printing as well as some more advanced printing skills.

In the binding area I learned how to collate, stitch, fold, glue and wrap, the printed jobs to be delivered.

I enjoyed the past 3-years in the Graphic Communications program, the other students are friendly and easy to work with. The teachers are helpful to any students who need it, and they help make the shop a fun place to be.

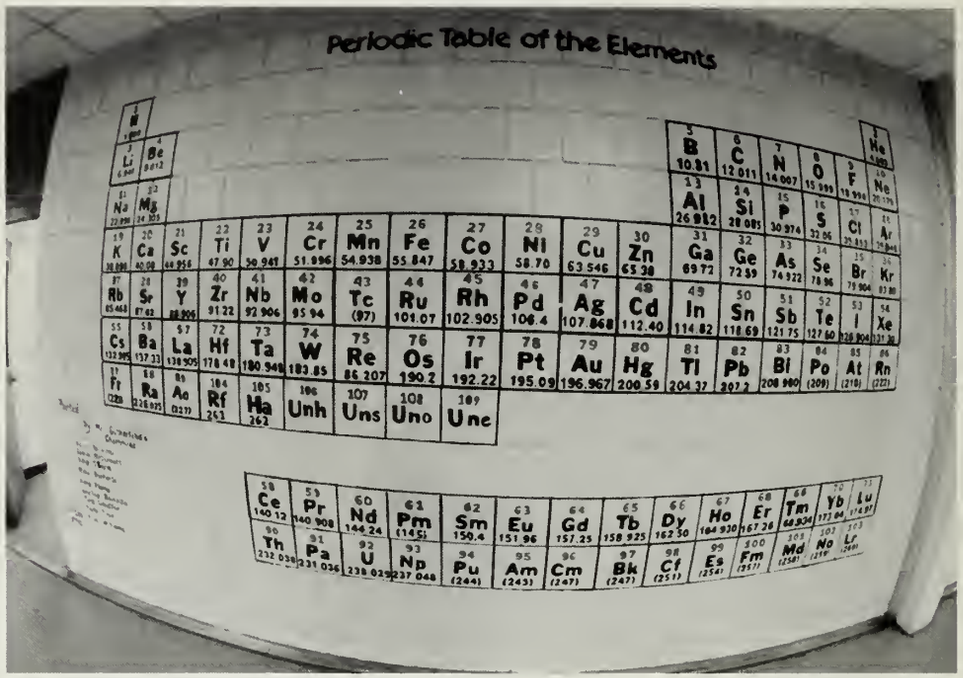
Henry Ferry — Department Head



The Science Department consists of a staff which is well qualified and prepared to offer a variety of programs for students at the high school level. The courses reflect this variety so that students can participate in scientific studies in Biology, Chemistry, Earth Science, or Physics at many levels.

All courses include laboratory experiences for hands on investigations into the major concepts of the discipline. In addition, various media and technologies are available for students to use in order to help them to better understand the principles being studied.

Students are encouraged to participate in a variety of activities including essay contests, science projects, seminars, and summer programs to further enhance their backgrounds in the sciences and to help them in future career planning.

SOCIAL SCIENCES

Those Who Fail to Study the Past are Condemned to Repeat It

"Hi Mom!"

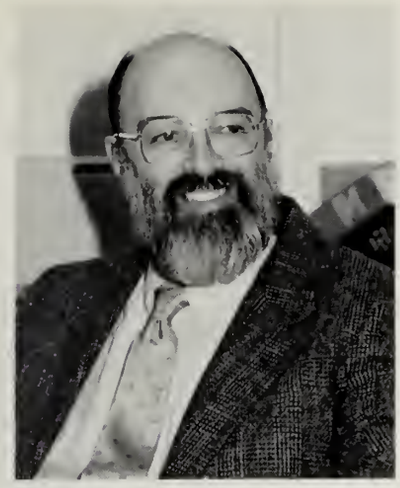
"Huh? Wha . . .? Oh! Hi!"

Lost in space

Look this way guys

Missy shows her pearly whites

Take my picture!



John Amaral — Department Supervisor

The Social Sciences Department strives to make students more aware of the world in which we live to gain a wider perspective in preparing for a future in which "change" will be the constant. While emphasis is placed on the histories of the world, the United States, and contemporary issues, elective offerings in Economics, Psychology, and Law provide the chance for students to further explore their interests and related social science careers. Progression through the sequence of courses seeks to cultivate those life skills which will allow students, as citizens of a rapidly changing, information-rich world, to exercise their rights, accept their responsibilities, and make sound decisions. Volunteering through our Community Service Program offers students the chance to put the values learned in Social Sciences to use; to "make a difference" in someone's life. Community service also offers hands-on opportunities to explore potential careers, while evidencing a commitment to the community. Teaching methods include a variety of techniques: inquiry activities, discussions, guest speakers, role playing, simulations, lectures, cooperative learning, field trips, and the use of computers, laser-disks, VHS players, and other audio/visual materials.

SPECIAL NEEDS

The Special Needs Department provides services to students who have been identified through an evaluation process to have a need for special education programs. These programs, detailed on an Individualized Educational Plan (IEP), are comprised of, but not limited to: academic instruction, vocational training, counseling, adaptive physical education, job placement, special transportation, and speech therapy. For students who require a smaller school environment, an alternative high school program is offered at Briggs Corner.

Editors' Note

The yearbook staff would like to thank those people who took extra time to make the yearbook a success. A special thanks to: Mrs. Hood, Mr. Stanton, Mrs. Judith Hebert, Mrs. Houle, Ms. Steager, all secretarial and guidance staff, and all those who we may have failed to mention. Thank you! An extra thanks to the yearbook advisor, Mr. Burbank, who never gave up or stopped believing that this yearbook would be a success!

Another page of life has turned. All the memories and things that you've learned, will never be forgotten. Though time will pass, these things will stay and forever last. Do not close the book that you look upon, simply add more pages as life goes on.
